

Hi Fiver,

I need a total Digital solution for my company, below are some of the areas for now I think I need. If you have any suggestions like we need to add something you can tell me on your proposal I am willing to do that.

Few areas I think I need to improve achieve my target is (you can suggest me best ideas)

- Ecommerce website (I already have one, Not sharing at the moment. Once I am okay with you I will share the details)
- SEO & SEM
- Facebook marketing
- Instagram Marketing
- TikTok

So above are some of the platforms which I think are better to do marketing for my products and Get a good name for my company.
